

CURTIS Rostlöser-Spray AR 40

Description

CURTIS Rostlöser-Spray AR 40 consists of mineral oil and additives with propellants.

Product characteristics / Scope of application

4-IN-ONE Rust Remover-Spray

CURTIS Rostlöser-Spray AR 40 includes 4 excellent attributes:

- **Rust remover**
Loosens seized and rusted screws or machine parts
- **Corrosion protection**
A thin film ensures long-term protection against corrosive influences for all metallic parts
- **Displaces moisture**
Eliminates moisture and penetrates the narrowest of gaps
- **Lubricant**
Stops squeaking, ensures free-moving screw fastenings and connectors

Application

CURTIS Rostlöser-Spray AR 40 is simply sprayed on the affected area.

Safety instructions

Propellant – extremely flammable !
Safety and operating instructions on the can must be observed.

Disposal instructions

Supply only emptied cans to the collection of recyclables and do not enter into the household waste.
